

October 2012 Grant Renewals Funding Recommendations

Confirmed 22 October 2012:

B27/EDP/03:

The Board:

1. **Approves additional funding for the next implementation period^[1] for the grants listed in Table 1 in the amounts indicated for each grant, based on the understanding that the amounts approved are upper ceilings rather than final funding amounts for that period and that the Secretariat shall pursue on-going implementation arrangements for each grant consistent with the recommendations set forth in the Grant Score Card for each grant. Approval is also subject to the provision that funding for renewals of existing grants shall be committed in annual tranches, subject to the availability of funding (GF/B25/DP16, paragraph 7 of Annex 1).**
2. **Reaffirms that the maximum funding amount available for the next implementation period of each grant shall be the sum of the amount set out in Table 1 of this Decision for that grant and the amount of any funds approved for the prior implementation period which have not been utilized during that period, either undisbursed funds or cash balances held by recipients under the grant.**

NOTES:

- (d) Discrepancies between the CCM Request figures and the Grant Score Card result from the clarifications process with the CCM after the Request for Renewal was submitted and/or from corrections and adjustments made by the Global Fund Secretariat at the time of grant renewal review. Based on Board Decision GF/B26/DP7 on the Modification of Rules Governing Grant Renewals dated 11 May 2012, a modified ceiling of 90% of the TRP adjusted Phase 2 amount is applied to the presented grants. This also takes into account discrepancies between the CCM Request figures and the Grant Scorecard.
- (e) To give the Board the most up-to-date picture of what the EUR/USD equivalent is at the time of this report's submission, the recommended incremental funding amount has been computed in USD using the rate of exchange that is published at www.oanda.com for buying USD on 11 October 2012 (1 Euro = US\$ 1.287).
