

GF/B38/EDPo4: Decision on the Secretariat's Recommendation on Funding from the 2017-2019 Allocation¹

Approval Date - 13th December 2017

Set forth below is the Secretariat's recommendation to approve funding up to an amount of US\$ 1,321,996,861 and EUR 52,050,991; this includes country allocation funding as well as US\$ 32,737,727 of catalytic investments for matching funds.

The Board:

1. Approves the funding recommended for each country disease component, and its constituent grants, as listed in Table 1 to GF/B38/EDPo4 ("Table 1");
2. Acknowledges each country disease component's constituent grants will be implemented by the proposed Principal Recipients listed in Table 1, or any other Principal Recipient(s) deemed appropriate by the Secretariat in accordance with Global Fund policies;
3. Affirms the funding approved under this decision (a) is subject to the availability of funding, and (b) shall be committed in annual tranches; and
4. Delegates to the Secretariat authority to redistribute the overall upper-ceiling of funding available for each country disease component among its constituent grants, provided that the Technical Review Panel (the "TRP") validates any redistribution that constitutes a material change from the program and funding request initially reviewed and recommended by the TRP.

This decision does not have material budgetary implications for operating expenses.

² Domestic commitments for disease specific programs and RSSH are subject to local currency value fluctuation against US dollar and Euro currencies.

³ The Ethiopia program budget consists of country allocation funds of US\$ 24,000,000 and a contribution of US\$ 3,581,142 from the Government of Spain in the context of the Debt2Health agreement.

⁴ This amount represents Government of Ethiopia’s commitment for the three diseases.

⁵ The grant name has been changed to IND-M-NVBDCP to align with ISO country codes. The previous grant name, IDA-M-NVBDCP, is referenced in certain supporting documents.
